LightSpring Transformations

60-Minute Phone Session

Price: \$150.00

What is a channeling session like?

Ever talked directly to a causal-plane being? This is your opportunity to have a real conversation with Michael or Polaris!

Sessions with Karen as your channel are deeply profound and can affect you greatly, even days or weeks afterward. Be prepared for a transition in your life!

Karen is a very warm, accurate, and fast channel. The material that can be brought forth in a single hour with her as your guide can be quite immense, and often ten or more questions can be answered in-depth in a single hour session.

What can you expect from your channeling session with Karen?

Each session with Karen is, again, like having a conversation with Michael or Polaris. While Karen is present enough to help guide you to asking the very best and most specific questions in order to reveal all the possible aspects of your answer, there's a back-and-forth quality to your questions and Michael's answers. And they don't mind interruptions! You're always welcome to question information, add comments, and express emotions, intentions, and thoughts. This is *your* time with Michael. Bring as much of yourself as you can to the experience, and you will derive all that much more from it.

All sessions with Karen are recorded; you'll receive an audio file of your session in mp3 format which you can burn to a CD.

Sessions with Karen can be arranged to fit any schedule; please contact Karen when you place an order and she'll help you book your session.
